ZONING NOTICE MARCH 16, 2026 ZONING HEARING BOARD MEETING

ZONING HEARING Z-2025-22

NOTICE IS HEREBY GIVEN that the Conshohocken Zoning Hearing Board will conduct a public hearing on March 16, 2026, at 6:30 p.m. prevailing time. The meeting will be held at Borough Hall, located at 400 Fayette Street, Conshohocken, PA 19428.

At this time, the Conshohocken Zoning Hearing Board will hear testimony and accept evidence on the following petition:

PETITIONER: Eleanor R. Hertrich c/o Catania Concrete
137 West 7th Avenue, Conshohocken, PA 19428

PREMISES INVOLVED: 238 West 5th Avenue
Conshohocken, PA 19428
BR-1 - Borough Residential District 1

OWNER OF RECORD: Eleanor R. Hertrich
513 Wood Street, Conshohocken, PA 19428

The petitioner is seeking an extension of the Conshohocken Borough Zoning Hearing Board approval of the following variances granted in the Zoning Hearing Board Decision dated December 23, 2024: from the Conshohocken Borough Zoning Code Sections §27-1005.C and §27-1007.1 to permit a front yard setback of 3.5 ft along W. 5th Avenue and a driveway for off-street parking between the front wall of the principal dwelling and Wood Street that are associated with the reconstruction of a new single-family detached dwelling.

Interested parties are invited to participate in the hearing. Anyone requiring special accommodations to attend should contact the Conshohocken Borough Administration Office at 610-828-1092 or zoning@conshohockenpa.gov as soon as possible for arrangements.

If you have questions regarding the above prior to the meeting, please contact the Borough at zoning@conshohockenpa.gov.

Thank you,
Zoning Hearing Board

Re: 238 West Fifth Avenue (Extension Request) – Zoning Determination

History of the Site:

238 West Fifth Avenue is an existing 4,830 SF residential property, improved with a two (2) – story single-family detached dwelling constructed in 1861.

The subject property is a corner property located within the BR-1 – Borough Residential District 1 and subject to the HRC – Historic Residential Conservation overlay district regulations of the Zoning Ordinance.

The site is fronted by West Fifth Avenue (80' wide right-of-way) to the south and Wood Street (66' wide right-of-way) to the west; and residential properties also located within the BR-1 zoning district in all other directions. The existing lot size of the property is 69' wide by 70' long. There is an existing concrete and brick paver area located to the rear of the existing dwelling, and an existing walkway that leads into the adjoining corner parcel located behind the dwelling at 513 Wood Street which is under the same ownership as the subject property.

The Applicant, Eleanor R. Hertrich, C/o, Jason Catania with Catania Concrete, is proposing to demolish the existing single-family detached dwelling and abutting concrete pad, walks, steps, and walls to the existing dwelling on the site to construct a new 1,660 SF single-family detached dwelling with an attached garage and 20' wide x 36.3' driveway apron and driveway off of Wood Street. The proposed new single-family detached dwelling will be setback 3.5 feet from the West Fifth Avenue right-of-way line. The existing and proposed residential single-family detached dwelling use of the building is a permitted by right use in compliance with Section §27-1002.1 of the BR-1 zoning district.

The Applicant had previously submitted a structural deficiency report dated April 5, 2024 as prepared by SE2 Engineering, LLC, which was reviewed and approved by the Conshohocken Borough building code official for the demolition of the existing building.

The Applicant appeared before the Zoning Hearing Board on November 18, 2024 under zoning hearing application no. Z-2024-20. In the Zoning Hearing Board Decision and Order dated December 23, 2024, the Applicant was granted a variance from Section §27-1005.C to permit a front yard setback of 3.5 feet, whereas a twenty (25) feet front yard setback is required, and a variance from Section §27-1007.1 to permit a driveway for off-street parking to be located between the front wall of the new dwelling and the curb

of Wood Street in which the front wall of the new dwelling will be facing, whereas no off-streeting parking spaces are permitted.

Current Request:

The Applicant, Eleanor R. Hertrich, C/o, Jason Catania with Catania Concrete, has submitted a zoning hearing application to the Borough on December 8, 2025 seeking an extension of the previously granted zoning reliefs pursuant to Section §27-613 of the Zoning. The current zoning reliefs expired on December 23, 2025.

Zoning Determination:

In accordance with the Zoning Hearing Board Decision and Order dated December 23, 2024 and pursuant to Section §27-613 of the Zoning Ordinance, the granted variance will expire if the Applicant fails to obtain permits within one year of the date of this approval unless otherwise specified by the Zoning Hearing Board. The Applicant has not obtained the required permits for the site improvements proposed on the subject property within the one (1)-year timeframe provided by December 23, 2025 due to ongoing coordination with engineering, design development, and project scheduling. Since the granted variances have since expired, the Applicant cannot proceed to apply for permits from the Borough. Therefore, an extension of the previously granted relief is required.

Re: Request for Extension of Previously Approved Zoning Relief
Property: 238 W 5th Ave
ZHB Decision Date: December 23, 2025
Case # Z-2024-20

Dear Members of the Zoning Hearing Board,

I am writing on behalf of Eleanor Hertrich to respectfully request an extension of the zoning relief previously granted for the property located at 238 W 5th Avenue under the Board's decision issued on December 23, 2024, Case No. Z-2024-20.

Since receiving approval, we have continued to move forward with the project; however, due to ongoing coordination with engineering, design development, and project scheduling, we have not yet been able to commence construction within the original approval period. We remain fully committed to completing the project in accordance with the Board's decision and all Borough requirements.

Accordingly, we respectfully request an extension of the previously approved relief to allow sufficient time to finalize the remaining steps and proceed with construction.

Enclosed with this letter are the required documents, including the completed zoning application, proof of ownership/equitable ownership, the original written decision, and the applicable fees.

Thank you for your time and consideration. Please feel free to contact me at 484-368-7478 or CataniaJason@gmail.com if any additional information is needed.

Sincerely,

Jason Catania

COMMONWEALTH OF PENNSYLVANIA
BOROUGH OF CONSHOHOCKEN ZONING HEARING BOARD
APPEAL NO. Z-2024-20
APPLICATION OF ELEANOR R. HERTRICH C/O CATANIA CONCRETE
238 WEST FIFTH AVENUE

DECISION

I. HISTORY

On or about July 19, 2024, Catania Concrete, on behalf of the Owner, Eleanor R. Hertrich, (the “Applicant”), filed an Application for Variances from the Borough of Conshohocken Zoning Ordinance of 2001, as amended, (the “Ordinance”) for the property located at 238 West Fifth Avenue, Conshohocken (the “Subject Property”). The Subject Property is in the BR-1 Residential District.

The Applicant’s specific request for relief includes the following:

1. A zoning interpretation of Section 27-1005.C to permit a front yard setback of 3.5 feet where a minimum front yard setback of 25 feet is required.
2. A zoning interpretation of Section 27-1007.1 to permit off-street parking between the front of the home and the curb.
3. In the alternative, a Variance from Section 27-1005.C to permit a front yard setback of 3.5 feet where a minimum front yard setback of 25 feet is required.
4. In the alternative, a Variance from Section 27-1006.1 to permit off-street parking between the front of the home and the curb.

After a series of continuances requested by Applicant, notice was duly given and advertised, a hearing was scheduled for and commenced on the Application and testimony was received on November 18, 2024. At the hearing, the following Exhibits were introduced and admitted:

- P-1: Application
- P-2: Deed
- P-3: Zoning plan
- P-4: Transmittal letter
- P-5: Building line plan
- P-6: Zoning determination
- P-7: Exhibit list and package
- P-8: Public notice

The Applicant was not represented by counsel and proceeded *pro se* before the Board.

Party status was not granted to any member of the public.

II. FINDINGS OF FACT

1. The Subject Property is located at 238 West Fifth Avenue, Conshohocken, Pennsylvania.
2. The Subject Property is in the BR-1 Residential District.
3. The Zoning Hearing Board of the Borough of Conshohocken met all the requirements of the Zoning Ordinance and the Pennsylvania Municipalities Planning Code as to the requisite Legal Notice of the Hearing.
4. The Subject Property is owned by the Applicant.
5. The Applicant offered the following testimony on their own behalf at the hearing:
 - a. A 3.5-foot setback is in line with a plurality, and almost a majority, of the other homes surrounding the Subject Property, that being six (6) of thirteen (13) homes.
 - b. If one (1) more home surrounding the property had a non-conforming setback, a majority would then have front-yard setbacks at or around 3.5 feet, which in turn would mean Applicant would not be required to obtain this dimensional variance from the Ordinance.
 - c. The home related to this request is planned to be built but is not yet constructed.
6. No members of the public offered comment in support or opposition to the Application.

III. DISCUSSION

Section 27-1005.C of the Ordinance, in its relevant part, states that front yard setbacks must be a minimum of twenty-five (25) feet.

Section 27-1007.1 of the Ordinance, in its relevant part, states no off-street parking is permitted between the front wall of a principal structure and the curb of the street towards which that wall is oriented.

Pennsylvania courts have long held that “a zoning hearing board is the entity charged with the interpretation and application of the zoning ordinance.” Smith v. Zoning Hearing Board of Huntingdon Bgh., 734 A.2d 55, 57 (Pa. Commw. Ct. 1999). It is well settled that a zoning hearing board’s interpretation of its own zoning ordinance is entitled to great weight and deference. However, it is equally well settled, for the same reasons, is the principal that the Zoning Officer’s interpretation “should not be disregarded unless shown to be clearly erroneous.” Kohl v. New Sewickley Twp. Zoning Hearing Bd., 108 A.3d 961, 968 (Pa. Commw. Ct. 2015).

Interpretation of an ordinance begins and ends with an examination of the text itself. Tri-County Landfill, Inc. v. Pine Twp. Zoning Hearing Board, 83 A.3d 488, 510 (Pa. Commw. Ct. 2014). “When the words of a statute are clear and free from all ambiguity, the letter of it is not to be disregarded under the pretext of pursuing its spirit.” 1 Pa.C.S. § 1921(b). To interpret a zoning ordinance, the zoning hearing board must rely upon the “common usage of the words and phrases contained therein” and strive to construe the language in a sensible manner. Galzerno v. Zoning Hearing Board of Tullytown Bgh., 92 A.3d 891, 894

(Pa. Cmmw. Ct. 2014). On review, every law must be interpreted in a manner that gives effect to all its provisions “so that no provision is mere surplusage.” Tri-County Landfill, 83 A.3d at 509.

Here, the Subject Property is surrounded by other properties, a plurality (and not a majority) of which have similar front-yard setbacks due to the configuration of the lots. Additionally, because the Subject Property exists on a corner, placing a driveway on what is colloquially the “side” of the home is not permitted under the ordinance, as corner properties have “front” yards on all sides which face streets.

Additionally, in a request for a variance, the Board is guided by Section 910.2 of the Pennsylvania Municipalities Planning Code (hereinafter called “MPC”). An applicant for a variance has the burden of establishing that a literal enforcement of the provisions of the Ordinance will result in an unnecessary hardship as that term is defined by law, including court decisions, and that the allowance of the variance will not be contrary to the public interest. Section 910.2 of the MPC permits the Board to grant a variance where it is alleged that the provisions of the Ordinance inflict unnecessary hardship upon the applicant and when the Board can make certain prescribed findings where relevant in a given case.

An “unnecessary hardship is established by evidence that: (1) the physical features of the property are such that it cannot be used for a permitted purpose; or (2) the property can be conformed for a permitted use only at a prohibitive expense; or (3) the property has no value for any purpose permitted by the zoning

ordinance.” Hertzberg v. Zoning Board of Adjustment of the City of Pittsburgh, 721 A.2d 43, 47 (Pa. 1998)(internal citations omitted). Our Supreme Court has emphasized that “the hardship must truly be an unnecessary one unique or peculiar to the property, and not simply a mere hardship.” Kneebone v. Zoning Hearing Bd. of Twp. of Plainfield, 276 A.3d 705, 718 (Pa. 2022). However, an applicant seeking a variance need not demonstrate that the property is rendered valueless as zoned in order to show that a variance is needed to make reasonable use of the property. Valley View Civic Ass’n v. Zoning Bd. of Adjustment, 462 A.2d 637, 640 (Pa. 1983). “While an unnecessary hardship can be established by demonstrating that the hardship falls squarely within one of these three categories, in practice the evidence presented often does not fit neatly in one category or another but overlaps.” Nowicki v. Zoning Hearing Bd. of Borough of Monaca, 91 A.3d 287, 292 (Pa. Commw. Ct. 2014).

The party seeking the variance carries the burden of proving that an unnecessary hardship will result if the requested relief is denied. Valley View Civic Ass'n v. Zoning Bd. of Adjustment, 462 A.2d 637, 640 (Pa. 1983). This burden upon a landowner requesting a variance is a heavy one. Williams v. Salem Twp., 500 A.2d 933, 937 (Pa. Commw. Ct. 1985) (*appeal denied*, 531 A.2d 781 (Pa. 1987)).

Once an unnecessary hardship has been established, a property owner can demonstrate that the relief sought is the minimum necessary by “showing that of all the viable alternatives, the proposed use is the least departure from the terms of the ordinance, or the most similar to the uses in the surrounding

neighborhood.” In re Ridge Park Civic Ass'n, 240 A.3d 1029, 1034 (Pa. Commw. Ct. 2020).

However, the Application requests a variance that is dimensional in nature. When seeking a dimensional variance within a permitted use, the owner is asking only for a reasonable adjustment of the zoning regulations in order to utilize the property in a manner consistent with the applicable regulations. Hertzberg, 721 A.2d at 47. Thus, the grant of a dimensional variance is of lesser moment than the grant of a use variance, since the latter involves a proposal to use the property in a manner that is wholly outside the zoning regulation. Id.

Furthermore, “a zoning hearing board, ‘as fact finder, is the ultimate judge of credibility and resolves all conflicts of evidence.’ In re Appeal of Brickstone Realty Corporation, 789 A.2d 333, 339 (Pa. Commw. Ct. 2001). Indeed, a zoning hearing board ‘has the power to reject even uncontradicted testimony if [it] finds the testimony lacking in credibility.’ Constantino v. Zoning Hearing Board of Borough of Forest Hills, [618 A.2d 1193, 1196 (Pa. Commw. Ct. 1992)]” (Delaware Riverkeeper Network v. Middlesex Twp. Zoning Hearing Bd., No. 2609 C.D. 2015, 2019 WL 2605850 (Pa. Commw. Ct. June 26, 2019). Thus, determination of credibility of testimony of witnesses is left entirely to the discretion of the Board as a quasi-judicial governing body.

IV. CONCLUSIONS OF LAW

From the facts presented, it is the judgment of the Board that the Applicant has proven an unnecessary hardship unique or peculiar to the property and that the variance is not contrary to the public interest. The Board found the testimony and statements of the Applicant and their witnesses to be credible and persuasive. Accordingly, the Board is able to make the following relevant findings under Section 910.2 of the MPC:

1. That there are unique physical circumstances or conditions, including irregularity, narrowness or shallowness of lot size or shape, or exceptional topographical or other physical conditions peculiar to the property, and that an unnecessary hardship is created due to such condition;
 2. The property cannot be developed in strict conformity with the provisions of the Ordinance and that the authorization for a variance is therefore necessary to enable the reasonable use of the Subject Property;
 3. That the variance will not alter the essential character of the neighborhood or district in which the Subject Property is located, will not substantially or permanently impair the appropriate use or development of the adjacent property, or will not be detrimental to the public welfare;
 4. That the alleged hardship has not been created by the Applicant;
- and

5. That the variance represents the minimum that will afford relief and the least modification possible.

ORDER

AND NOW, this 23rd day of December, 2024, the Application, seeking Variances from Section 27-1005.C to permit a front yard setback of 3.5 feet, and Section 27-1007.1 to permit a driveway between the front of the home and the curb, is **GRANTED**.

The Applicant is directed to apply to the Borough of Conshohocken Zoning Officer to obtain any appropriate permits.

THE RELIEF GRANTED HEREIN SHALL EXPIRE IF THE APPLICANT FAILS TO OBTAIN PERMITS WITHIN ONE (1) YEAR OF THE DATE OF THIS DECISION.

**BOROUGH OF CONSHOHOCKEN

ZONING NOTICE MARCH 16, 2026 ZONING HEARING BOARD MEETING

ZONING HEARING Z-2026-01

NOTICE IS HEREBY GIVEN that the Conshohocken Zoning Hearing Board will conduct a public hearing on March 16, 2026, at 6:30 p.m. prevailing time. The meeting will be held at Borough Hall, located at 400 Fayette Street, Conshohocken, PA 19428.

At this time, the Conshohocken Zoning Hearing Board will hear testimony and accept evidence on the following petition:

PETITIONER: Benjamin Knisely
806 Maple Street, Conshohocken, PA 19428

PREMISES INVOLVED: 806 Maple Street
Conshohocken, PA 19428
BR-1 - Borough Residential District 1

OWNER OF RECORD: Benjamin Knisely
806 Maple Street, Conshohocken, PA 19428

The Petitioner is seeking a Variance from Section §27-1005.F of the Conshohocken Borough Zoning Ordinance to permit a shed installation that will result in a maximum building coverage of 36.49% on the lot whereas a maximum building coverage of 35% of the lot area is permitted within the BR-1 - Residential District 1.

Interested parties are invited to participate in the hearing. Anyone requiring special accommodations to attend should contact the Conshohocken Borough Administration Office at 610-828-1092 or zoning@conshohockenpa.gov as soon as possible for arrangements.

If you have questions regarding the above prior to the meeting, please contact the Borough at zoning@conshohockenpa.gov.

Thank you,

Re: 806 Maple Street – Zoning Determination

History of the Site:

806 Maple Street (Parcel ID no: 05-00-06292-00-3) is an existing 2,636 SF residential parcel, improved with a two (2) – story single-family semi-detached (twin) dwelling constructed in circa 1910. The existing dwelling is 16'-2" wide x 56'-7" long (or approximately 915 SF).

The subject property is a residential property located within the BR-1 – Borough Residential District 1. The site is fronted by Maple Street (66' wide right-of-way) to the east; an unnamed alley (20' wide right-of-way) to the west; and residential properties also located within the BR-1 zoning district in all other directions.

Current Request:

The Applicant, Benjamin Knisely, is seeking to place an 8' wide by 6' long (or 48 SF) shed located to the rear of the subject property. The Applicant is seeking a variance from Zoning Code Section §27-1005.F to permit a 36.5% building coverage on the site when the maximum building coverage shall not exceed 35% of the lot area within the BR-1 zoning district.

Zoning Determination:

Per Code Section §27-202 of the Conshohocken Borough Zoning Ordinance of 2001, the following definition applies:

Accessory Structure or Building – A structure or building detached from a principal building on the same lot and customarily incidental and subordinate to the principal building or use.

Building – Any structure having a roof supported by columns or walls and intended for the shelter, housing or enclosure of an individual, animal, process, equipment, goods or materials of any kind or nature.

Building Coverage – The ration obtained by dividing the maximum horizontal cross-section of all principal and accessory buildings on a lot (including balconies, covered porches, carports and breezeways, but excluding patios and decks) by the total area upon which the buildings are located.

Principal Building – A building in which is conducted the principal use of the lot on which it is located.

The principal building is the existing two (2) – story single-family semi-detached (twin) dwelling on the lot. A shed is considered an accessory structure or building by definition. Building coverage shall include both the horizontal cross-section of both the existing 915 SF dwelling and the proposed 48 SF shed.

Per Zoning Code Section §27-1005.F, the maximum building coverage shall not exceed 35% of the lot area. The existing building coverage on the site is 34.7% and in compliance with the maximum 35% building coverage permitted on the lot. With the addition of a 48 SF shed, the new building coverage will increase to 36.5%, which exceeds the maximum 35% building coverage permitted on the lot. Therefore, the applicant is required to seek a variance from Zoning Code Section §27-1005.F to permit an increase in the maximum building coverage to 36.5% of the lot area, whereas a maximum building coverage of 35% is permitted within the BR-1 zoning district.

5. Applicant is (check one): Legal Owner Equitable Owner ; Tenant

6. Property Owner: Same as above

Address: _____

Phone Number: _____

E-mail Address: _____

7. Lot Dimensions: 140'x18'10" (2636 sqft) Zoning District: Borough Residential District 1

8. Has there been previous zoning relief requested in connection with this Property?

Yes No If yes, please describe.

9. Please describe the present use of the property including any existing improvements and the dimensions of any structures on the property.

The property is a single-family residential lot. The existing principal structure measures approximately 16 feet 2 inches by 56 feet 7 inches, totaling approximately 914 square feet of building coverage.

There are no existing accessory structures contributing to building coverage beyond the principal dwelling.

10. Please describe the proposed use of the property.

The proposed use will remain single-family residential.

The Applicant proposes the addition of a small accessory storage shed for routine residential storage related to household and yard maintenance.

11. Please describe proposal and improvements to the property in detail.

The Applicant proposes to install an accessory shed measuring 6 feet by 8 feet (48 square feet). No utilities are proposed, and no changes are proposed to the use of the property. The shed will be placed in the rear yard and will be subordinate in size, height, and use to the existing principal dwelling.

The addition of the shed would result in a total building coverage of approximately 36.49%, exceeding the maximum permitted building coverage of 35% by approximately 1.49%.

Please see the attached to-scale drawings.

12. Please describe the reasons the Applicant believes that the requested relief should be granted.

The requested variance is minor in nature and represents insignificant deviation from the maximum building coverage requirement of the Zoning Ordinance, exceeding the permitted coverage by approximately 1.49%.

Many properties on the same street, which are of similar or identical lot size and housing footprint, contain accessory structures of equal or larger size. Thus, the proposed shed is consistent with established development patterns in the immediate neighborhood and does not introduce any new or incompatible use. Granting the requested variance will allow for reasonable residential use of the property while maintaining the overall intent of the Zoning Ordinance and without any adverse impact on neighboring properties or the public welfare.

13. If a Variance is being requested, please describe the following:

a. The unique characteristics of the property: The principal dwelling occupies a substantial portion of the lot, leaving limited remaining area for accessory improvements.

b. How the Zoning Ordinance unreasonably restricts development of the property: Strict application of the maximum building coverage requirement effectively prevents the addition of any accessory structure of any size, placing the property at a practical disadvantage compared to similarly situated neighboring properties.

The proposed shed would provide functional residential storage for equipment necessary to maintain the outdoor space and property, and would also free up basement space for other reasonable household uses.

c. How the proposal is consistent with the character of the surrounding neighborhood.

Accessory structures are prevalent throughout the immediate neighborhood, including on properties of similar or identical size and housing layout.

d. Why the requested relief is the minimum required to reasonably use the property; and why the proposal could not be less than what is proposed.

Given the existing footprint of the principal dwelling and the limited size of the lot, any additional structure, regardless of size, results in a technical exceedance of the maximum building coverage requirement. As such, there is no smaller alternative structure that could be constructed without variance relief. The proposed 6-foot by 8-foot shed represents a modest and practical size intended solely to enable functional residential storage.

14. The following section should be completed if the applicant is contesting the determination of the zoning officer.

a. Please indicate the section of the zoning ordinance that is the subject of the zoning officer's decision (attach any written correspondence relating to the determination).

NA

b. Please explain in detail the reasons why you disagree with the zoning officer's determination.

NA

15. If the Applicant is requesting any other type of relief, please complete the following section.

a. Type of relief that is being requested by the applicant.

NA

b. Please indicate the section of the Zoning Ordinance related to the relief being requested.

NA

c. Please describe in detail the reasons why the requested relief should be granted.

16. If the applicant is being represented by an attorney, please provide the following information.

a. Attorney's Name: ^{NA} _____

b. Address: _____

c. Phone Number: _____

d. E-mail Address: _____

I/we hereby certify that to the best of my knowledge, all of the above statements contained in this Zoning Application and any papers or plans submitted with this application to the Borough of Conshohocken are true and correct.

Re: 236 West Eleventh Avenue – Zoning Determination

History of the Site:

236 West Eleventh Avenue (Parcel ID no: 05-00-01360-00-3) is an existing rectangular shaped, 20 feet wide by 140 feet long (2,400 SF) parcel, improved with a two (2) – story single-family semi-detached (twin) dwelling constructed in circa 1926. The existing dwelling has a front porch on the subject property; along with a rear patio area and walkways. There was a prior approximately 15 feet wide by 20 feet long (300 SF) detached garage located to the rear of the property adjacent the easterly lot line and adjoining 238 West Eleventh Avenue. There is overhead utilities located along the alley cartway to the rear of the parcel. There is an existing utility pole located adjacent the parcel as indicated on the sketch attached with the zoning application.

The subject property is a residential property located within the BR-1 – Borough Residential District 1. The site is fronted by West Eleventh Avenue (80' wide right-of-way) to the south; an unnamed alley (20' wide right-of-way) to the rear and north of the property; and residential properties also located within the BR-1 zoning district in all other directions.

Current Request:

The Applicant, Michael Kenny, recently submitted for a fence permit and it was discovered that the Applicant has placed a new 10 feet wide by 14 feet long (140 SF) shed located to the rear of the property adjacent the westerly lot line (adjacent to 234 West Eleventh Avenue), opposite of the location of the demolished garage; constructed a 20 feet wide by 14 feet long (280 SF) concrete pad for off-street parking and shed foundation; and removed portions of existing impervious areas and walkways totaling 176 SF to grass areas.

The Applicant is seeking a variance from Zoning Code Section §27-811.B to permit an accessory shed structure with a zero (0) feet setback from the side property lot line whereas a minimum three (3) feet setback is required.

Zoning Determination:

In accordance with the setback requirements under Zoning Code Section §27-811.B of the 2001 Conshohocken Borough Zoning Ordinance, an accessory shed structure may be erected within the side

or rear yard, not closer than three (3) feet to the rear or side lot line unless the abutting owner or owners provide written consent to allow said structure to be built up to the side or rear lot line, and provide a maintenance easement of four (4) feet in width to permit the owner of the accessory structure to maintain this structure. However, where an accessory structure is located on an alley, the side facing the alley shall be set back at least five (5) feet from the edge of the alley cartway.

The Applicant has indicated in his zoning application that the shed structure was placed about 20-inches from the westerly side lot line (adjacent to 234 West Eleventh Avenue), although the sketch provided shows zero (0') feet setback from the property line.

Pursuant to Zoning Code Section §27-811.B, the Applicant is required to provide at least three (3) feet setback from the side lot line, unless written consent is provided by the abutting owner of 234 West Eleventh Avenue to permit the accessory shed structure to be located less than the required three (3) feet setback and provide a four (4) feet wide maintenance easement to the Applicant to maintain the accessory shed structure. Since no written consent nor maintenance agreement has been provided, the Applicant is required to seek a zoning variance from Zoning Code Section §27-811.B to permit the accessory shed structure to be located at zero (0) feet from the side lot line whereas a three (3) feet setback is required.

The Applicant will also be required to set the shed back five (5) feet from the edge of the alley cartway.

Per the Conshohocken Borough Zoning Code Section §27-1005.F, the maximum building coverage shall not exceed 35% of the lot area. The building coverage, including the former garage that was demolished, was approximately 1,269 SF (or 52.88%), which exceeded the maximum 35% building coverage permitted on the site and is considered existing non-conforming. The total new building coverage with the new accessory shed structure on the site is approximately 1,109 SF (or 46.21%). The new building coverage will be more compliant for the site than prior to the garage demolition and shed addition.

Per the Conshohocken Borough Zoning Code Section §27-1005.G, the maximum impervious coverage shall not exceed 60% of the lot area. The total impervious coverage on the site, including the former garage that was demolished, was approximately 1,789.50 SF (or 74.36%) with the off-street parking allowance, which exceeded the maximum 60% impervious coverage permitted on the site and is considered existing non-conforming. The total new impervious coverage on the site with the new accessory shed structure on the site is approximately 1,615.50 SF (or 67.30%) with the off-street parking allowance. The new impervious coverage will be more compliant for the site than prior to the garage demolition and shed addition.

8. Has there been previous zoning relief requested in connection with this Property?

Yes No If yes, please describe.

9. Please describe the present use of the property including any existing improvements and the dimensions of any structures on the property.

There was a bathroom renovation in 2024. There was a 15'x20'x12' garage adjacent to 238 west 11th and a 5'x20' concrete walkway adjacent to 234 west 11th at the rear of the property.

10. Please describe the proposed use of the property.

I propose to place a shed at the rear of the property adjacent to 234 west 11th.

11. Please describe proposal and improvements to the property in detail.

I demolished the garage and walkway. I poured a concrete pad and placed a prefabricated Amish shed on the pad. The smaller concrete pad created additional grass area for me.

12. Please describe the reasons the Applicant believes that the requested relief should be granted.

I believe this will not negatively impact any aesthetics or characteristics of the neighborhood.

13. If a Variance is being requested, please describe the following:

a. The unique characteristics of the property: The property is not very different from neighbori

b. How the Zoning Ordinance unreasonably restricts development of the property:
The setback requirement for new structures is 3 feet. There was a narrow space approximately 20 inches wide between the original garage and the neighboring garage. I was able to use the garage for parking. There will be the same amount of space between the new shed and the garage on the opposite side. There is a utility pole in the rear alley that will prevent me from using the remaining space to continue parking off street. If I were to place the shed where the garage was, it would be considered existing nonconforming. I am hoping that can be the reason for a variance. I am also eliminating 120 square feet of impervious surface.

c. How the proposal is consistent with the character of the surrounding neighborhood. _____

Most of the neighboring properties have garages that are similar in size to teh one I had. The shed is a bit smaller.

d. Why the requested relief is the minimum required to reasonably use the property; and why the proposal could not be less than what is proposed.

If I must comply with either the required setback or placing the shed where the garage was, I will not be able to continue parking off street. The space between structures in the new location will be the same as it was on the original one.

14. The following section should be completed if the applicant is contesting the determination of the zoning officer.

a. Please indicate the section of the zoning ordinance that is the subject of the zoning officer's decision (attach any written correspondence relating to the determination).

ZONING NOTICE MARCH 16, 2026 ZONING HEARING BOARD MEETING

ZONING HEARING Z-2026-04

NOTICE IS HEREBY GIVEN that the Conshohocken Zoning Hearing Board will conduct a public hearing on March 16, 2026, at 6:30 p.m. prevailing time. The meeting will be held at Borough Hall, located at 400 Fayette Street, Conshohocken, PA 19428.

At this time, the Conshohocken Zoning Hearing Board will hear testimony and accept evidence on the following petition:

PETITIONER: Robert and Whitney Crisp
125 West 3rd Avenue, Conshohocken, PA 19428

PREMISES INVOLVED: 125 West 3rd Avenue
Conshohocken, PA 19428
BR-1 - Borough Residential District 1

OWNER OF RECORD: Robert and Whitney Crisp
125 West 3rd Avenue, Conshohocken, PA 19428

The petitioner is seeking a Special Exception pursuant to Section §27-703.E.(6).(a) and a Variance from Section §27-1005.E of the Conshohocken Borough Zoning Ordinance to permit a 530.25 SF rear building addition of an existing nonconforming building to have a side yard setback of 3.4 feet whereas a minimum five (5) feet side yard setback is required within the BR-1 - Borough Residential District 1.

Interested parties are invited to participate in the hearing. Anyone requiring special accommodations to attend should contact the Conshohocken Borough Administration Office at 610-828-1092 or zoning@conshohockenpa.gov as soon as possible for arrangements.

If you have questions regarding the above prior to the meeting, please contact the Borough at zoning@conshohockenpa.gov.

Thank you,

Re: 125 West Third Avenue – Zoning Determination

History of the Site:

125 W. Third Avenue (PARID: 05-00-11288-00-2) is a 5,024 SF (5,022 SF as surveyed) parcel that is comprised of an existing nonconforming single-family detached residential dwelling with a covered front porch. The existing dwelling is a two and a half (2½)-story, approximately 1,251.36 SF, red brick building that was constructed in circa 1900.

The subject property is located within the BR-1 - Borough Residential District 1.

The subject property is fronted by West Third Avenue (80 ft Right-of-Way) to the north; a 15 ft wide unnamed alley to the south; and residential properties in all other directions.

Current Request:

The Applicants, Robert and Whitney Crisp, are proposing to demolish the existing 8 ft wide by 12.4 ft long with stairs (approximately 100 SF) one (1)-story building addition located on the southeastern corner of the dwelling to construct a new 21 ft wide by 25.25 ft long (530.25 SF) one (1)-story building addition located to the rear of the dwelling.

The Applicants are seeking a Special Exception pursuant to Section §27-703.E.(6).(a) and a Variance from Section §27-1005.E of the Conshohocken Borough Zoning Ordinance to permit a 530.25 SF rear building addition of an existing nonconforming building to have a side yard setback of 3.4 feet whereas a minimum five (5) feet side yard setback is required within the BR-1 – Borough Residential District 1.

Zoning Determination:

The above referenced property is located within the BR-1 – Borough Residential District 1, and is subject to provisions of Part 7 of the Conshohocken Borough Zoning Ordinance for nonconforming structures, uses, and lots.

Per Section §27-702.B of the Borough Zoning Ordinance, a nonconforming building or structure is any existing lawful building or structure that does not conform to the height, location, size, bulk, or other dimensional requirements of the district in which it is located. The existing building is classified as an

existing nonconforming building because the building does not conform to the following dimensional requirements of the BR-1 zoning district:

- The side yard setback of 3.4 feet from the westerly side lot line do not conform to the required five (5) feet side yard setback of the BR-1 zoning district per Section §27-1005.E.

Pursuant to Sections §27-703.E.(5) & (6)(a) of the Borough Zoning Ordinance, a nonconforming building may be expanded only in compliance with § 27-703(E)(6) of the Zoning Ordinance and extension and/or expansion as permitted in § 27-703(E)(1) through (5), shall be permitted only by special exception in accordance with Part 6 [Zoning Hearing Board] of the Zoning Ordinance, only to the extent that all new construction shall comply with the dimensional standards of the district in which the use is located or the district in which the use is permitted, whichever is more restrictive.

The Applicants are proposing to construct the new 530.25 SF one (1) story addition to the rear of the existing dwelling to match the same side yard setbacks of the existing nonconforming dwelling. The side yard setback of the new addition will be located 3.4 ft from the westerly side yard lot line and approximately 11.36 ft from the easterly side yard lot line. Per Section §27-1005.E, the minimum side yard setback requirement shall be five (5) feet within the BR-1 zoning district.

However, pursuant to Section §27-703.E.(6)(c), in the case where a building is nonconforming as to front, side, or rear yard setback, an addition may be built on a line with the existing building, as long as it does not create an additional encroachment into a required yard. Any further encroachment with regard to required setbacks will require a variance. Since the Applicants are proposing the rear building addition to match the existing building side yard setback and not creating an additional encroachment into the side yard, a variance pursuant to Section §27-1005.E from the side yard setback is not required. Therefore, the Applicants are only required to seek a Special Exception pursuant to Section §27-703.E.(6)(a) for approval by the Conshohocken Borough Zoning Hearing Board to permit the expansion of the nonconforming building.

Per Section §27-1005.F of the Borough Zoning Ordinance, the maximum building coverage shall not exceed 35% of the lot area. Based on the Zoning Plan and Boundary and Topographical Plan provided, the existing building coverage on the site is calculated as 1,251.36 SF which equates to 24.9% of the surveyed lot area. With the proposed building addition, the total net new building coverage on the lot will be 1,682.41 SF, which equates to 33.5% of the surveyed lot area and is in compliance with the maximum 35% building coverage permitted within the BR-1 zoning district.

According to the Zoning Plan and Boundary and Topographical Plan provided, the existing impervious coverage on the site is calculated as 1,863.96 SF, which equates to 37.11% of the surveyed lot area, and in compliance with the maximum 60% impervious coverage permitted within the BR-1 zoning district per Code Section §27-1005.G of the Borough Zoning Ordinance. With the proposed building addition, the total new impervious coverage on the site will be 2,295.01 SF, which equates to 45.70% of the surveyed lot area, and will also be in compliance with the required maximum 60% impervious coverage within the BR-1 zoning district.

ZONING NOTICE MARCH 16, 2026 ZONING HEARING BOARD MEETING

ZONING HEARING Z-2026-03

NOTICE IS HEREBY GIVEN that the Conshohocken Zoning Hearing Board will conduct a public hearing on March 16, 2026, at 6:30 p.m. prevailing time. The meeting will be held at Borough Hall, located at 400 Fayette Street, Conshohocken, PA 19428.

At this time, the Conshohocken Zoning Hearing Board will hear testimony and accept evidence on the following petition:

PETITIONER: Bruce and Cheryl Champagne
2779 Woodland Avenue, Norristown, PA 19403

PREMISES INVOLVED: 88 Poplar Street
Conshohocken, PA 19428
BR-2 - Borough Residential District 2
HRC - Historic Residential Conservation Overlay District

OWNER OF RECORD: Bruce and Cheryl Champagne
2779 Woodland Avenue, Norristown, PA 19403

The petitioner is seeking a Variance from Sections §27-1105.D, E, & G of the Conshohocken Borough Zoning Ordinance to permit a building to be reconstructed at 17.8 feet from the rear yard property lot line whereas a minimum twenty-five (25) feet rear yard setback is required; to permit a side yard setback of zero (0) feet and 3.5 feet which are less than the required minimum five (5) feet side yard setback; and to permit a maximum building coverage of 47.9% whereas the maximum building coverage shall not exceed 40% of the lot area within the BR-2 - Borough Residential District 2.

Interested parties are invited to participate in the hearing. Anyone requiring special accommodations to attend should contact the Conshohocken Borough Administration Office at 610-828-1092 or zoning@conshohockenpa.gov as soon as possible for arrangements.

If you have questions regarding the above prior to the meeting, please contact the Borough at zoning@conshohockenpa.gov.

Thank you,
Zoning Hearing Board

Re: 88 Poplar Street – Zoning Determination

History of the Site:

88 Poplar Street (Parcel ID no: 05-00-07516-00-3) is an existing rectangular shaped, 32 ft wide by 43.8 ft long (1,402 SF), nonconforming parcel located within the BR-2 – Borough Residential District 2, and is subject to the HRC – Historic Residential Conservation Overlay District provisions of Part 19-C of the Conshohocken Zoning Ordinance. In addition, the property is subject to the code provisions of Part 7 of the Conshohocken Borough Zoning Ordinance for nonconforming structures, uses, and lots. Per the Montgomery County property records, the land use of the parcel is a single-family detached residential comprised of an existing 520 SF, two (2)-story single-family detached dwelling built in 1900, along with an attached 171 SF open side porch.

The site is fronted by Poplar Street (50 ft right-of-way) to the east; Angel Alley to the north; and residential properties in all other directions. Per the “Sketch Plan for Zoning” as prepared by Borusiewicz Surveyors and Site Planners, dated November 12, 2025, Angel Alley is shown to have a 20 ft wide right-of-way.

A structural review letter dated March 21, 2022 as prepared by Robert J. Price, PE was submitted to the Borough on July 31, 2024 in accordance with Section §27-1905-C.1. The structure review concluded that the existing *“overall dwelling is not structurally sound above grade. The load bearing brick is insufficient for supporting sustained occupant loads. Condensation on the interior from lack of insulation along with long term exterior moisture has weakened the masonry.”* The structural review letter was subsequently approved by the Borough Code Official on August 22, 2024.

Current Request:

Based on the zoning sketch plan and architectural plans provided with the zoning hearing application, the Applicants, Bruce and Cheryl Champagne, are proposing to demolish the existing dwelling in its entirety, including the foundation and construct a new 671 SF, three (3)-story single-family detached dwelling with a new foundation on or near the existing footprint of the dwelling to be demolished. The Applicants are also proposing to remove portions of the existing wall and chain link fence fronting Poplar Street to provide for new concrete steps to the new dwelling, as well as to remove the existing wall and fence along the rear of the site and alleyway to install a new white vinyl fence.

In addition, the Applicants are proposing two (2) porous off-street parking stalls, if required, located off of Angel Alley to the rear of the proposed new dwelling.

The Applicants are seeking a Variance from Sections §27-1105.D, E, & G of the Conshohocken Borough Zoning Ordinance to permit a building to be reconstructed at 17.8 feet from the rear yard property lot line whereas a minimum twenty-five (25) feet rear yard setback is required; to permit a side yard setback of zero (0) feet and 3.5 feet which are less than the required minimum five (5) feet side yard setback; and to permit a maximum building coverage of 47.9% whereas the maximum building coverage shall not exceed 40% of the lot area within the BR-2 – Borough Residential District 2.

Zoning Determination:

Per Section §27-1903-C, the HRC – Historic Residential Conservation overlay district shall be deemed an overlay on all residential zoning districts within Borough and is applicable to any lot located within a residential zoning district. In accordance with Section §27-1902-C, a historic single-family detached dwelling is defined as a dwelling designed for and occupied exclusively as a residence for only one family and not attached to any other building or dwelling unit, which was constructed more than 50 years ago. Per the Montgomery County property records, the existing dwelling was constructed in circa 1900. Since the existing single-family detached dwelling is 126 years old, it is subject to the code provisions of the HRC zoning district.

Per Section §27-1905-C.1, a historic single-family detached dwelling may be demolished only when determined by the Borough Building Official to be structurally unsafe, subject to the application and receipt of any and all required permits and approvals. Since the structural review letter dated March 21, 2022, as prepared by Robert J. Price, PE determined that the existing dwelling was not structurally sound above grade, and the review was approved by the Borough Code Official on August 22, 2024, the existing dwelling is permitted to be demolished in accordance with Section §27-1905-C.1 of the Zoning Ordinance.

Per Section §27-702.B of the Borough Zoning Ordinance, a nonconforming building or structure is any existing lawful building or structure that does not conform to the height, location, size, bulk, or other dimensional requirements of the district in which it is located. The existing building is classified as an existing nonconforming building because the building does not conform to the following dimensional requirements of the BR-2 zoning district:

- Rear yard setback is approximately 16 feet, which does not conform to the required 25 feet rear yard setback of the BR-2 zoning district per Section §27-1105.D.
- Side yard setback is 3.5 feet from the southern side lot line (adjacent to 262 and 264 E. Hector Street) and 0.0 feet from the northern side lot line (adjacent to Angel Alley), which does not conform to the required five (5) feet side yard setback of the BR-2 zoning district per Section §27-1105.E.
- Building coverage is 47.9%, which does not conform to the required maximum 40% building coverage of the BR-2 zoning district per Section §27-1105.G.

Per Section §27-702.C of the Borough Zoning Ordinance, a nonconforming lot is any existing lawful lot which does not conform to the minimum area and/or width requirements for lots in the district in which it is located, the development of which, however, is in conformance with all other applicable regulations

of this Chapter. The existing parcel is classified as an existing nonconforming lot because the lot does not conform to the following dimensional requirements of the BR-1 zoning district:

- The existing 1,402 SF parcel size for the existing single-family detached dwelling does not conform to the required 3,500 SF parcel of the BR-2 zoning district per Section §27-1105.A.
- The existing 32 feet lot width for the existing single-family detached dwelling does not conform to the required 40 feet lot width for single-family detached dwellings of the BR-2 zoning district per Section §27-1105.B.

Per Section §27-703.A. of the Borough Zoning Ordinance provides that the nonconforming status shall continue, and a property may continue to be used as nonconforming until it complies with the requirements of this Chapter. If the property owners were to maintain and continue the use of the existing nonconforming dwelling without demolishing the dwelling, they would be permitted to continue the use of the dwelling under this code provision. However, since the property owners are proposing to demolish the existing nonconforming dwelling in its entirety, including the foundations, the existing nonconformities of the existing nonconforming dwelling also ends. Therefore, the property owners would be subject to the dimensional standards of the BR-2 zoning district and shall comply with the applicable requirements under Sections §27-1105.C through J for the proposed new single-family detached dwelling, as well as, the off-street parking requirements under Sections §27-1107 and §27-1108.

Per Section §27-1102.1, a single-family detached dwelling is a permitted use within the BR-2 zoning district.

Per Section §27-1105.C, the minimum front yard setback shall be fifteen (15) feet, to be measured from the ultimate right-of-way line; except where there is an established line, then the building line of the majority of the buildings on that side of the block shall be used as the minimum required front yard setback. However, in no case shall the setback be less than 10 feet from the face of a curb of a public street. Based on the zoning sketch plan provided, the Applicants are showing that there are two existing parcels on the same side of Poplar Street south of Angel Alley and another building north of Angel Alley, which all have the same zero (0) feet setback from the parcel boundary fronting Poplar Street. In addition, the plan shows that there is a 10.7 feet distance setback from the curb of the Poplar Street to the lot dwelling. The proposed dwelling will be utilizing the same front yard setback of zero (0) feet which will be in compliance with the front yard setback requirement pursuant to Code Section §27-1105.C.

Per Section §27-1105.D, the minimum rear yard setback shall be twenty (25) feet. Based on the zoning sketch plan provided, the Applicants are proposing to construct the new dwelling with a 17.8 ft setback from the rear lot line which is less than the required minimum twenty (25) feet rear yard setback of the BR-2 zoning district; therefore, a variance from Code Section §27-1105.D will be required.

Per Section §27-1105.E, the minimum side yard setback shall be five (5) feet for each side for a single-family detached dwelling. Based on the zoning sketch plan provided, the Applicant is proposing to construct the new dwelling with a 3.5 ft setback from the southern side lot line (adjacent to 262 and 264 E. Hector Street) and 0.0 feet from the northern side lot line (adjacent to Angel Alley), which does not conform to the required five (5) feet side yard setback of the BR-2 zoning district; therefore, a variance from Code Section §27-1105.E will be required.

Per Section §27-1105.G, the maximum building coverage shall not exceed 40% of the lot area. Based on the proposed new 671 SF single-family detached dwelling will result in a building coverage of 47.9% of the

lot, which exceeds the required 40% maximum building coverage permitted within the BR-2 zoning district; therefore, a variance from Code Section §27-1105.G will be required.

Per Section §27-1105.H, the maximum impervious coverage shall not exceed 60% of the lot area. A maximum of two (2) permanent rear off-street parking spaces per single-family dwelling measuring nine (9) feet by eighteen (18) feet may be excluded from the impervious coverage calculation. Based on the proposed new dwelling and concrete stairs totaling 728 SF, the proposed impervious coverage on the site will be 51.9% which is less than the maximum 60% of the lot area permitted which will be in compliance with the front yard setback requirement pursuant to Code Section §27-1105.C.

Per Section §27-1105.I, the maximum building height shall not exceed 35 feet. The proposed new dwelling will have a sloped roof that is shown to be 37'-6 5/16" high at the highest point of the sloped roof. In accordance with Code Section §27-202, the height of a building is the vertical distance measured from the average elevation of the existing grade at the location of the building to the mean height of the eaves or ridge of a sloped roof. The zoning sketch plan is indicating that the maximum building height of the proposed dwelling will be less than 35 ft. A building height less than 35 feet will not require a variance from Code Section §27-1105.I. The Applicants will need to clearly show the building height on the plans pursuant to Code Section §27-202 to confirm.

Per Section §27-1105.J, the minimum building width shall be 18 feet. The proposed new dwelling will have a width of twenty-eight (26) feet, which will be in compliance with the minimum building width requirement pursuant to Code Section §27-1105.J.

Per Section §27-1108, all new residential development must conform to the off-street parking provisions contained in Part 20 of the Zoning Ordinance, and pursuant to Section §27-2002, two (2) off-street parking spaces are required for dwellings with more than one-bedroom units. Therefore, the Applicants would be required to provide two (2) new off-street parking spaces for the proposed new dwelling. The new off-street parking spaces shall be of all-weather construction in accordance with Section §27-2005.B of the Zoning Ordinance.

7. Lot Dimensions: 32' x 43.8' + 1,402 sf Zoning District: BR-2

8. Has there been previous zoning relief requested in connection with this Property?

Yes No If yes, please describe.

Not Applicable

9. Please describe the present use of the property including any existing improvements and the dimensions of any structures on the property.

Property has a vacant Residential Single-Family Detached Dwelling built in 1900 with a small fenced-in grass backyard. The existing 2-story house is 671 sf. on a 1,402 sf lot. Existing house has a basement as well.

10. Please describe the proposed use of the property.

Construction of a new 3-Story House with basement. New Entrance Steps opposite new door entrance on left side of New Dwelling. New fence along rear & side property lines.

11. Please describe proposal and improvements to the property in detail.

The Existing Dwelling is to be demolished & a portion of the existing wall & fence is to be removed in front along walk to create new access steps to front door (set back) on left front. A New 3-Story Detached Dwelling is to be constructed on the same original footprint of the existing house being demolished. The rear yard is to be grass; however, if off-street parking needs to be provided it can be placed in the rear just off the alley. This area can be paved for parking if required but will not be added to the Impervious Coverage as per boro code.

12. Please describe the reasons the Applicant believes that the requested relief should be granted.

The Property is a extremely undersized lot, which will not allow us to provide the required setbacks & area for the BR-2 District. There are many non-conformities that cannot be improved. As a result, the Applicant is proposing to build a new home on the Lot that will be the same exact size & position. Also, the impervious cover will not be increased. To note, it has also been recommended that rather than renovating the existing house, it should be demolished & rebuilt.

13. If a Variance is being requested, please describe the following:

a. The unique characteristics of the property: The Lot is very small & development is certainly
Also, the Existing House is in extreme disrepair & has been recommended for demolition.

b. How the Zoning Ordinance unreasonably restricts development of the property:
As stated, the Lot is undersized & doesn't allow compliance dimensionally.

c. How the proposal is consistent with the character of the surrounding neighborhood.

With the Construction of a new replacement house this will conform to the redevelopment of many homes in the Borough. It is proposed to replace the home with a house that matches the character & materials of the existing neighborhood.

d. Why the requested relief is the minimum required to reasonably use the property; and why the proposal could not be less than what is proposed.

The requests of needed relief is at a minimum as to not increase the existing non-conformities. The best scenario of proposed improvements is at a minimum.

14. The following section should be completed if the applicant is contesting the determination of the zoning officer.

a. Please indicate the section of the zoning ordinance that is the subject of the zoning officer's decision (attach any written correspondence relating to the determination).

Not Applicable.

b. Please explain in detail the reasons why you disagree with the zoning officer's determination.

Not Applicable.

15. If the Applicant is requesting any other type of relief, please complete the following section.

a. Type of relief that is being requested by the applicant.

Not Applicable.

b. Please indicate the section of the Zoning Ordinance related to the relief being requested.

Not Applicable.

c. Please describe in detail the reasons why the requested relief should be granted.

RE: 88 Poplar St., Conshohocken, PA 19428
Structural Review

Dear Mrs. Larrivee,

Per your request, I reviewed the existing residential dwelling structure at 88 Poplar Street. My review is based on the current Pennsylvania Uniform Construction Code, which uses the 2018 International Residential Code (IRC).

As I observed on March 18, 2023, the existing house is two stories, with a basement. The main dwelling is 20 feet wide by 26 feet deep, and has an accessory porch and basement addition. The overall house exterior appeared relatively plumb and level with no observable differential settlement. (Pictures 1 and 2) The basement foundation walls under the main dwelling are stacked stone, and the basement addition foundation is concrete block. A steel post was added in the middle of the basement for supporting the first floor. (Picture 3) The first and second floor joists that could be seen are 3x6 wood joists. A 12" wide hole exists in the first floor that appears to have been caused by moisture and damage. (Picture 4) The basement stairway has broken and missing treads. The roof frame appeared intact with no observable splits or damage. The exterior walls are load bearing clay brick. Several cracks can be seen in the north side wall including a long diagonal crack from the corner of a window opening. (Picture 5) Mortar is missing under windows on the first and second floors. (Picture 6) The brick is relatively soft and crumbles with hammer taps. Clay brick dust can be seen on the floors under the interior walls around the perimeter. The interior side of the walls is just plaster over thin wood lath. It is only 1 3/4" wide from the brick face. There is no insulation in the walls or attic. There is a musty smell, and paneling around the perimeter walls is water stained and faded. (Picture 7)

In conclusion, **the overall dwelling is not structurally sound above grade.** The load bearing brick is insufficient for supporting sustained occupant loads. Condensation on the interior from lack of insulation along with long term exterior moisture has weakened the masonry.

ZONING NOTICE MARCH 16, 2026 ZONING HEARING BOARD MEETING

ZONING HEARING Z-2026-04

NOTICE IS HEREBY GIVEN that the Conshohocken Zoning Hearing Board will conduct a public hearing on March 16, 2026, at 6:30 p.m. prevailing time. The meeting will be held at Borough Hall, located at 400 Fayette Street, Conshohocken, PA 19428.

At this time, the Conshohocken Zoning Hearing Board will hear testimony and accept evidence on the following petition:

PETITIONER: RG Restaurant Group LLC
430 Holly Road, Blue Bell, PA 19422

PREMISES INVOLVED: 201-203 West 7th Avenue
Conshohocken, PA 19428
BR-1 - Borough Residential District 1

OWNER OF RECORD: RG Restaurant Group LLC
430 Holly Road, Blue Bell, PA 19422

The petitioner is seeking a Variance from Section §27-2106.2 of the Conshohocken Borough Zoning Ordinance to permit one (1), approximately 15 SF, projecting wall sign facing West 7th Avenue; and two (2), approximately 10 SF and 33 SF, parallel wall signs and two (2) window signs, approximately 2 SF each, facing Maple Street; whereas only one (1) sign on any one street frontage of any property shall not exceed 2 SF is permitted within the BR-1 - Borough Residential District 1.

Interested parties are invited to participate in the hearing. Anyone requiring special accommodations to attend should contact the Conshohocken Borough Administration Office at 610-828-1092 or zoning@conshohockenpa.gov as soon as possible for arrangements.

If you have questions regarding the above prior to the meeting, please contact the Borough at zoning@conshohockenpa.gov.

Thank you,

Re: 201 West Seventh Avenue - Zoning Determination

History of the Site:

201 W. Seventh Avenue (PARID: 05-00-08236-00-3) is a 2,706 SF (2,705 SF as surveyed) parcel that is comprised of an existing nonconforming commercial bar/restaurant use. The existing building is a two and a half (2½)-story, approximately 7,733 GSF, stucco building that was constructed in circa 1900. The building is the site of the former Pizza Time and Old Time Saloon bar/restaurant. The building was purchased by the current owner, RG Restaurant Group, LLC, in March 2024 and is currently undergoing renovations to an upscale bar/restaurant while retaining the same nonconforming commercial use.

The subject property is located within the BR-1 - Borough Residential District 1.

The subject property is a corner property fronted by West Seventh Avenue (80 ft Right-of-Way) to the north and Maple Street (66 ft Right-of-Way) to the east; a commercial warehouse to the south; and residential properties in all other directions.

Current Request:

The Applicant is proposing to install the following new signs on the site:

1. One (1), 48" wide by 44" long (approximately 15 SF), "Rick's Tavern" projecting wall sign facing West Seventh Avenue;
2. One (1), 87.75" wide by 54" long (approximately 33 SF), "Rick's Tavern" backlit parallel wall sign facing Maple Street;
3. One (1), 33.5" wide by 43" long (approximately 10 SF), "R" backlit parallel wall sign facing Maple Street; and,
4. Two (2) window signs (vinyl letterings), approximately 2 SF each, above the building entrance facing Maple Street. The vinyl letterings are advertising the various business commodity and services offered or sold.

The petitioner is seeking a Variance from Section §27-2106.2 of the Conshohocken Borough Zoning Ordinance to permit one (1), approximately 15 SF, projecting wall sign facing West 7th Avenue; and two (2), approximately 10 SF and 33 SF, parallel wall signs and two (2) window signs, approximately 2 SF each, facing Maple Street; whereas only one (1) sign on any one street frontage of any property shall not exceed 2 SF is permitted within the BR-1 - Borough Residential District 1.

Zoning Determination:

The above referenced property is located within the BR-1 – Borough Residential District 1 zoning district and is subject to provisions of Part 7 of the Conshohocken Borough Zoning Ordinance for nonconforming structures, uses, and lots.

Per the Conshohocken Borough Zoning Ordinance Section §27-1002, the permitted uses by right within the BR-1 zoning district include single-family detached dwellings (single) and single-family semidetached dwellings (twin), and accessory uses thereof. The property is currently used as a bar/restaurant use. Per the Conshohocken Borough Zoning Ordinance Section §27-702.A, a nonconforming use is the existing lawful use of land and/or buildings and/or structures upon the land which does not conform to any of the permitted uses of the district in which it is located. A bar/restaurant use is not a use permitted by right within the BR-1 zoning district pursuant to Code Section §27-1002; therefore, the bar/restaurant use is considered existing nonconforming since the use lawfully existed prior to the current 2001 Zoning Ordinance of the Borough.

Signage is subject to Part 21 of the Conshohocken Borough Zoning Code, specifically, Section §27-2106 for signs permitted within the BR-1 zoning district. Per §27-2106.2, a sign is permitted for professional, accessory use, home occupation or name signs on the same lot with and indicating the name, profession or activity of the occupant of the dwelling, provided that the area of any one side shall not exceed two (2) square feet, and provided that not more than one such sign shall be erected for each permitted use or dwelling.

The Applicant is proposing to mount one (1), 48" wide by 44" long (approximately 15 SF), "Rick's Tavern" projecting wall sign facing West Seventh Avenue. This sign exceeds the maximum 2 SF sign size permitted within the BR-1 zoning district.

The Applicant is also proposing a total of four (4) additional signs facing Maple Street as follows:

- One (1), 87.75" wide by 54" long (approximately 33 SF), "Rick's Tavern" backlit parallel wall sign facing Maple Street;
- One (1), 33.5" wide by 43" long (approximately 10 SF), "R" backlit parallel wall sign facing Maple Street; and,
- Two (2) window signs (vinyl letterings), approximately 2 SF each, above the building entrance facing Maple Street. The vinyl letterings are advertising the various business commodity and services offered or sold.

The above 33 SF and 10 SF signs exceed the maximum 2 SF sign size permitted within the BR-1 zoning district. In addition, the total quantity of four (4) signs facing Maple Street is more than the one (1) sign permitted to be erected for the use. Therefore, the Applicant is required to seek a Variance from Section §27-2106.2 to permit the proposed signage on the site.

Zoning Application

Application:	<u>Z-2026-05</u>
Date Submitted:	<u>2/13/26</u>
Date Received:	<u>2/13/26</u>

1. Application is hereby made for:

- Special Exception Variance
 Appeal of the decision of the zoning officer
 Conditional Use approval Interpretation of the Zoning Ordinance
 Other _____

2. Section of the Zoning Ordinance from which relief is requested:

~~—27-2106.2 to permit 59.5 square feet of signage for a legal non-conforming use (restaurant) where only 2 sq ft are permitted.~~

a Variance from Section §27-2106.2 to permit one (1), approximately 15 SF, projecting wall sign facing West 7th Ave; and two (2), approximately 10 SF and 33 SF, parallel wall signs and two (2) window signs, approximately 2 SF each, facing Maple S; whereas only one (1) sign on any one street frontage of any property shall not exceed 2 SF is permitted within the BR-1

3. Address of the property, which is the subject of the application:

201-203 W 7TH AVE., CONSHOHOCKEN, MONTGOMERY COUNTY, PA

4. Applicant's Name: RG RESTAURANT GROUP LLC

Address: 430 Holly Rd., Blue Bell, PA 19422

Phone Number (daytime): 484-344-5429 (thru counsel)

E-mail Address: mark.danek@obermayer.com

5. Applicant is (check one): Legal Owner Equitable Owner ; Tenant

6. Property Owner: same as applicant

Address: _____

Phone Number: _____

E-mail Address: _____

7. Lot Dimensions: 76' x 36'

Zoning District: BR1

8. Has there been previous zoning relief requested in connection with this Property?
Yes No If yes, please describe.

9. Please describe the present use of the property including any existing improvements and the dimensions of any structures on the property.

Subject Property is the site of the former Pizza Time Restaurant and Old Time Saloon.

10. Please describe the proposed use of the property.

Applicant has renovated the old structure to make the legal non-conforming use into a family friendly restaurant. The former business had approximately 27 sq ft total of signage on the business.

As part of the re-opening of the business, Applicant seeks to install back lit signs and a blade sign (same structure and lighting as blade sign that previously existed).

Backlit "R" = 10 sq ft.
Blade Sign = 14 sq ft (with downlighting design to conform to Boro Code lighting standards)
Backlit full sign = 32 sq ft.
Vinyl Lettering Above Front Door = 3.5 SF

11. Please describe proposal and improvements to the property in detail.

See response to Question 10

12. Please describe the reasons the Applicant believes that the requested relief should be granted.

The Subject Property is a legal non-conforming use that is permitted to be maintained as such by the Code.

The former Pizza Time had a series of signs arranged in a hap-hazard manner. The current signage seeks to minimize the impact on the surrounding properties by utilizing backlit signage and a downlit blade sign to prevent any light from spilling into a neighboring property.

13. If a Variance is being requested, please describe the following:

a. The unique characteristics of the property: Subject Property is a legal non-conforming use in a residential district.

b. How the Zoning Ordinance unreasonably restricts development of the property: Strict application of the Code will prevent the normal development of the legal non-conforming use/structure.

c. How the proposal is consistent with the character of the surrounding neighborhood. The proposed signage replaces the signage from the prior use (27 sq ft) and provides a better aesthetic than what was previously on the Subject Property.

d. Why the requested relief is the minimum required to reasonably use the property; and why the proposal could not be less than what is proposed. The proposed signage is a modest request to increase the amount of signage allowed for the legal non-conforming use.

14. The following section should be completed if the applicant is contesting the determination of the zoning officer.

a. Please indicate the section of the zoning ordinance that is the subject of the zoning officer's decision (attach any written correspondence relating to the determination).

b. Please explain in detail the reasons why you disagree with the zoning officer's determination.

15. If the Applicant is requesting any other type of relief, please complete the following section.

a. Type of relief that is being requested by the applicant.

b. Please indicate the section of the Zoning Ordinance related to the relief being requested.

c. Please describe in detail the reasons why the requested relief should be granted.

16. If the applicant is being represented by an attorney, please provide the following information.

a. Attorney's Name: Mark S. Danek, Esq.

b. Address: 1001 Conshohocken St. Rd, Ste., 1-210, W Conshohocken

c. Phone Number: 484-344-5429

d. E-mail Address: mark.danek@obermayer.com

I/we hereby certify that to the best of my knowledge, all of the above statements contained in this Zoning Application and any papers or plans submitted with this application to the Borough of Conshohocken are true and correct.

GUTTER AND ROADWAY RESTORATION DETAIL
N.T.S.

1. THE PROPERTY OWNER SHALL BE RESPONSIBLE FOR THE QUALITY AND CORRECTNESS OF COMPLETED WORK. THE PROPERTY OWNER MAY DESIGNATE A CONTRACTOR, CONSULTANT OR OTHER AGENT TO COORDINATE INSPECTIONS WITH THE BOROUGH. THE PROPERTY OWNER IS RESPONSIBLE FOR ALL OUTSIDE CONSULTANT FEES INCURRED BY THE BOROUGH.

2. ANY COMPLETED WORK THAT DOES NOT COMPLY WITH APPLICABLE STANDARDS SUCH AS THE AMERICANS WITH DISABILITIES ACT (ADA), PENNDOT SPECIFICATIONS AND CONSTRUCTION STANDARDS, OR THE BOROUGH OF CONSHOHOCKEN TYPICAL DETAILS SHALL BE REMOVED AND REPLACED.

3. THE PROPERTY OWNER SHALL BE RESPONSIBLE FOR ENSURING COMPLIANCE WITH THE BOROUGH STORMWATER MANAGEMENT ORDINANCE. SPECIFICALLY, ALL WORK SITES SHALL BE PROTECTED FROM EROSION AND SEDIMENT RUNOFF IN ACCORDANCE WITH MONTGOMERY COUNTY CONSERVATION DISTRICT REQUIREMENTS. FAILURE TO INSTALL AND MAINTAIN ACCEPTABLE EROSION CONTROLS WILL RESULT IN WORK STOPPAGES AND FINES IN ACCORDANCE WITH THE BOROUGH ORDINANCE.

4. EROSION CONTROL INLET PROTECTION SHALL BE INSTALLED IN THE NEAREST DOWNSTREAM INLET OF ALL WORK SITES. PIPE TRENCHES SHALL BE PUMPED THROUGH A WATER FILTER BAG.

5. THE CONTRACTOR IS RESPONSIBLE FOR ALL CONSTRUCTION LAYOUT. THE BOROUGH INSPECTOR WILL VERIFY THAT THE APPROPRIATE CONSTRUCTION DETAILS ARE BEING FOLLOWED AND THAT THE APPROPRIATE METHODS ARE BEING USED. THE BOROUGH INSPECTOR DOES NOT APPROVE ANY PHYSICAL PRODUCT UNTIL THE WORK IS COMPLETE. ANY PERCEIVED APPROVAL OF LAYOUT, FORMWORK, ETC., DOES NOT ABSOLVE THE CONTRACTOR FROM ENSURING THAT THE FINAL PRODUCT COMPLIES WITH ALL APPLICABLE STANDARDS.
